Dear Author

We have reached a decision regarding your submission to AIP Conference Proceeding, "Chemical Composition and Antioxidant Activities of Citronella Essential Oil Cymbopogon nardus (L.) Rendle fractions".

Our decision is: Revisions Required

If you decide to revise the work, please send the revised article (in *.doc file) enclosed by a list of changes according to the reviewer's comments. Highlight in red fonts every part you revised in your manuscript and confirm that your figure has a high resolution to be published.

Please make sure that your revised article has been matched into the AIP proceeding article template (<https://aip.scitation.org/apc/authors/preppapers>).

Your revision is due by Nov 29, 2019.

Reviewer A:

Reviewer's comments:

1. The paper still needs revision
2. Check the reference for your paper.

Based on the initial state of the selection and reviewing process, your paper has been considered to be accepted for publication in AIP/Open Chemistry/Evergreen/IJC/ALCHEMY/proceeding of chemistry conference.

The final decision will be made after passing the further review process.

Reviewer B:

The paper entitled Chemical Composition and Antioxidant Activities of Citronella Essential Oil Cymbopogon nardus (L.) Rendle fractions appropriate to be published in AIP. However, the reviewer suggests:

- The paper has many grammatical errors, some places marked in the manuscript.
- Give a brief description of the research methods in the abstract section
- Restructure the abstract section in the order of introduction, the aim of the research, methods, result, and conclusion.
- The explanation of the abbreviation is written once when first written in the text
- The experimental part must be described in more details, such as specifications of materials, types of equipment, and methods of analysis.
- The unit scale in x-axis just enough written on the labels.
- Please, improve your figure.
