Heny Ekowati, Faradina Qorina Nadzif, Masita Wulandari Suryoputri, Nialiana Endah Endriastuti, Hanif Nasiatul Baroroh:

We have reached a decision regarding your submission to Acta Pharmaciae Indonesia : Acta Pharm Indo, " The Effectiveness of N-Acetylcysteine (NAC) on Clinical Symptoms of COVID-19 Patients at Santa Elisabeth Hospital, Purwokerto".

Our decision is: Revisions Required

We were hoping to have this revision by due date **10 Jan 2022** including the rebuttal letter form that can be downloaded in OJS and would be pleased to receive it as soon as you are able to prepare it.

Starting in Vol 10 (2022) edition, Acta Pharmaciae Indonesia: Acta Pharm Indo will change from a conventional publication model to a continuous publication model. It allows the immediate publication of an article as soon as it is ready for publication and does not have to wait until a particular issue of the journal is completed. In addition, the article will be published in English. Therefore, the author should submit articles in English. The author may also submit articles in Bahasa Indonesia, but will be charged translations in accordance with terms and conditions.

Please confirm your ability to complete this vital contribution to the work of the journal. I look forward to hearing from you. For more information, don't hesitate to ask the Editor if you have any questions.

Sincerely yours,

Sarmoko Sarmoko
