Dear **ICETIR** Committee,

We wish to submit our full papers (paper ID 823, 824, 825) for consideration by the committee of **ICETIR**. We confirm that this work is original and has not been published elsewhere nor is it currently under consideration for publication elsewhere.

The work should be of interest to readers in the areas of civil engineering/structural engineering. Please address all correspondence concerning this manuscript to me at yanuar.haryanto@unsoed.ac.id.

Thank you for your consideration of these manuscripts.

Sincerely yours,

Yanuar Haryanto

Dear Yanuar Haryanto,

After a careful review of your submission, we are happy to inform you that your paper "Load-carrying capacity and failure mode of composite steel-concrete truss element under static loading" was accepted with revisions at International Conference on Engineering, Technology and Innovative Researches (**ICETIR**). Please address the reviewers' comments that are given.

You should upload the revised paper in source document format (MS Word or LaTeX) along with the PDF file by June 29, 2020. Please make sure to submit early to make sure that there is time to fix any problems that might occur.

At least one of the author must register and present the paper at the conference on September 02-03, 2020. Please consult the conference registration page for registering and payment procedure.

Thank you and looking forward to your participation in this event.

Best regards,
Dani Saputro Nugroho

Dear **ICETIR** Committee,

Please find in the attachment the revised paper as suggested. Thank you.

Sincerely yours,
Yanuar Haryanto
