Dear Mekar Anggraeni Ph.D

We have reached a decision regarding your submission to AIP Conference Proceedings, " Non-invasive Neonatal Jaundice Determination using Smartphone Camera ".

Our decision is: Revisions Required

Reviewer has now commented on your paper below this email. You will see that the Reviewer is advising that you must revise your manuscript. If you are prepared to undertake the work required, I would be pleased to reconsider my decision.

If you decide to revise the work, please submit a list of changes or a rebuttal against each point which is being raised when you submit the revised manuscript. Please write difference color of the manuscript changes. The submission should be submitted via this email (jccunsoed@gmail.com) as the reply.

Please be noted that you have up to 1 (one) week from now to revise your manuscript.

If you need additional time to complete your revision, please let us know by replying to this email and informing us of the date you expect to submit it.

Regards,

Zusfahair

Department of Chemistry, Faculty of Mathematics and Natural Sciences, Universitas Jenderal Soedirman, Purwokerto, Indonesia

Reviewer Comments:

1. Are there certain criteria for the respondents?
2. What is the meaning or indication of each color (RGB)?
3. What is the importance of this research?
4. Please follow the applicable format

To: Chemistry Conference <jccunsoed@gmail.com>

Dear Editor,

I have revised the manuscript according to the suggestions. The changes have been marked in red in the attached file.

Answers of the reviewer comments:

1. The respondents criteria are newborn infants with jaundice and hospitalized. The information has been added in the method section
2. The RGB represent the combination of three color extracted from the visual color
3. The use of a smartphone to capture neonatal arm images and predict neonatal jaundice would be important as an objective preliminary screening of neonatal jaundice compared to the visual assessment, for the area where hospital instrumentation is not available. The information available in the conclusion.
4. The manuscript has been format according to the AIP template

Best regards,
Mekar Dwi Anggraeni

Dear Mekar Dwi Anggraeni,

I am pleased to inform you about the acceptance of the manuscript entitled:

" Non-invasive Neonatal Jaundice Determination using Smartphone Camera"

Your accepted manuscript will be submitted to the publisher of AIP conference proceedings. The publisher might exclude your paper if it is not suitable with the criteria of publishing standard.

The proofreading correction will be informed to authors before submitting to the publisher.

Regard,
Zusfahair
