Manuscript Number.: IJRED-2021-37822

Title: Exploring the nexus between energy consumption, economic growth and environmental degradation Indonesia: The role of capital and trade openness

Journal: International Journal of Renewable Energy Development

Dear Hello/Dr Khalid Eltayeb Elfaki,

I am pleased to confirm that your paper submitted to International Journal of Renewable Energy Development, entitled "Exploring the nexus between energy consumption, economic growth and environmental degradation Indonesia: The role of capital and trade openness" ID: IJRED-2021-37822 has been accepted for publication.

We will proceed your manuscript to layout editor and send the proof to you for final correction. In case that editing corrections and English grammar smoothing comments will arise during the relevant proof-editing process, I kindly recommend to address these proof-editing comments (if any) accordingly.

Besides, let me kindly remind that the article processing cost (APC) must be paid by login to your account.

Thank you very much for submitting your article to the International Journal of Renewable Energy Development. We very welcome your next article submission to the journal.

Sincerely,

Dr. Grigorios Kyriakopoulos
