Re: Modeling the Hydrologic Processes of the Java Island, Indonesia

by %ALL AUTHORS%

%ARTICLE TYPE%

Dear Mr. Yanto,

We have received your article "Modeling the Hydrologic Processes of the Java Island, Indonesia" for consideration Studies.

Your manuscript will be given a reference number once an editor has been assigned.

This journal is participating in the Publishing Peer Review Reports pilot, which launches on November 17th, 2014. review reports for all accepted articles submitted after the pilot launch date* will be typeset and published online (v be grouped together in a separate issue of the journal. Articles submitted to by means of the Article Transfer Servi [transfer-service](#)} which are accompanied by existing reviewer reports will not be included in this pilot.

In publishing review reports on ScienceDirect we aim to recognize & publicly acknowledge the reviewers contribut while also aiming to enhance the quality of the submitted reports.

To track the status of your paper, please do the following:

1. Go to this URL: <http://ees.elsevier.com/ejrh/>

Please consider the reviews to see if major revision would be feasible. Should you wish to resubmit you should ensure each point of the reviewers' comments has been incorporated. For this, use submission item "Revision Notes" where changes in an annotated version of the revised manuscript (submission item "Revision, changes marked"). Please mark changes marked", "Manuscript", etc. Should you disagree with any part of the reviews, please explain why. To facilitate your manuscript.

Please strictly follow the formatting requirements as presented in the Guide for Authors. When submitting your revised source files (e.g. Word). Uploading a PDF file at this stage will create delays should your manuscript be finally accepted does not include the source files, we will contact you to request them.

Given that the requested revisions are major the new version is required by Jan 06, 2016 .

To submit a revision, go to <http://ees.elsevier.com/ejrh/> and log in as an author. You will find your submission record

When resubmitting, please present any figures, tables etc. as separate files. See the Artwork Guidelines on the homepage for conventions and format issues.

I hope that you will find the comments to be of use to you and am looking forward with interest to receiving your response.

Journal of Hydrology: Regional Studies features the Interactive Plot Viewer, see: <http://www.elsevier.com/interactiveplots/verification> data behind plots. To include one with your article, please prepare a .csv file with your plot data and test it online at <http://www.elsevier.com/interactiveplots/verification> before submission as supplementary material.

PLEASE NOTE: The journal would like to enrich online articles by visualising and providing geographical details details of articles. For this purpose, corresponding KML (GoogleMaps) files can be uploaded in our online submission system. Please include an online article on ScienceDirect. Elsevier will generate maps from the KML files and include them in the online article.

Journal of Hydrology: Regional Studies features the Interactive Map Viewer, <http://www.elsevier.com/googlemaps>. To include one with your article, please submit a .kml or .kmz file and test it online at <http://www.elsevier.com/googlemaps>.

Dear Mr. Yanto,

I am pleased to inform you that the manuscript

"Hydrologic Model Application Under Data Scarcity on Multiple Watersheds in Java Island, Indonesia" (Mr. Yanto Yanto) has been accepted for publication in the Journal of Hydrology: Regional Studies.

This journal is fully open access; all articles will be immediately and permanently free for everyone to read and download without any article processing charge (APC) or publication fee which needs to be met by the authors or their research funders.

In the next few days, you will be receiving information via email to allow you to choose one of the CC license options for your article. <http://www.elsevier.com/journals/journal-of-hydrology> Learn about publishing Open Access in this journal. The open access publication fee for articles submitted in 2014, there is a 90% discount off the open access publication fee so authors pay USD 180, and for articles submitted in 2015, there is a 50% discount off the open access publication fee so authors pay USD 900, excluding taxes.

Your accepted manuscript will now be transferred to our production department and work will begin on creation of the proof, we will let you know. If not, you will be contacted again in the next few days with a request to provide the forms that are required for publication.

Thank you for considering our journal for the publication of your research.

With kind regards,

Okke Batelaan, PhD
