Dear Author(s)

Thank you for contributing a paper to our journal.
We are sending you a pdf file that you need to print.
Please countersign and return this form so that we can process with publishing your
work.

Regards

Reza Aftabizadeh

If your institute subscribe to our journals, then
you should be able to access on line material of our journal

Links for journals are:

Dear Author(s)

Because of the financial problems that we have,
I am unable to publish your paper as quickly as we want.
The only income that we have is from subscriptions.
There is no help from any organization or institute to run this
journal.
I have published this journal for almost 30 years, either with
income from subscriptions or by myself.
I cannot do this anymore.

More than %70 of our authors are from schools that are not
subscribing to this journal.
I am asking authors to help me to continue publishing this journal,
either by requesting their school to subscribe,
or by helping me with publication costs.

When we publish a paper, it will be a lifetime cost for me.
I have to pay every year to have it available online.

Therefore, I am forced to impose a publication cost for every paper
that we publish. This cost will be divided among authors.
If your school is subscribing to this journal,
then we will waive the cost for that author only, and others must pay
for the balance.

If you are not able to help us with publication costs,
we still publish your paper, but it will take a very long time
for that paper to be publish.

I am sorry for this policy, but I have no other choice.
Here is publication cost per article:

```
  1 ≤ Papers  ≤ 20,  $1500.00
 21 ≤ papers  ≤ 40,  $2000.00
```

Dear Author(s)

Thank you for contributing a paper to our journal.
We are sending you a pdf file that you need to print.
Please countersign and return this form so that we can process with publishing your work.

Dear Author(s)

Your paper is scheduled to appear in
Differential and Integral Equations
Volume 30, number 1-2, January/February, 2017,
subject to availability of funds.

I will send you the galley proofs as soon as they becomes available.

Regards

Reza
