[JTBB] Proofread Layout

Salwa Shabria Wafi wafisaw@gmail.com wafisaw@gmail.com

kepada saya, Taruna, Arief, Anwar

Dear Author(s),

We would like to inform you that we have finished the final draft layout of your article entitled "Potential Screening of Bacteriophage-Lactic Acid Bacteria from Mangrove Sediment of Legending Beach for Fisheries Product Preservation". Please kindly check it on the attached file below and leave notes if there are any changes that should be made with it.

However, during the layouting process, we figured out that the picture of Figure 1 and 4 that you provide is in a low quality, so the result is rather blurry. If it is possible, we suggest you to send us a better quality picture of it via email, so the reader can read it clearly and comfortably. We would also like to remind you to recheck the similarity of authors name and affiliation in the layout and metadata, since we will not accept revision once it is published later.

Thank you very much.
