Dear Author,

Regarding the publication by AIP conference proceeding, we strongly suggest you to re-check your manuscript (once again) concerning the image quality or content. Please note that it is your responsibility to amend your final manuscript, which will be published by AIP. The acceptance/decline decision will be under the policy of the AIP proceeding.

Please find the attached final version below (you can make change from this after the conference ended). In this case, you will have a week to upload the final manuscript (camera ready file) via ICETIR's website or reply to editor's email before 8 September 2021 since we will proceed it as soon as possible to submit your camera ready into AIP Conference Proceeding.

Thank you, and should you have any further inquiries, please ask.

Kind regards,
Editor

to me

Dear HP Hari - Prasetijo,

After a careful review of your submission, we are happy to inform you that your paper "Coordination of Working Time of Over Current Relay (OCR) and Ground Fault Relay (GFR) in 20 kV Feeder Distribution" was accepted at International Conference on Engineering, Technology and Innovative Researches (ICETIR).

At least one of the author must register and present the paper at the conference on September 1, 2021. Please consult the conference registration page for registering and payment procedure.

Thank you and looking forward to your participation in this event.

Best regards,
Assalamualaikum Muhammad Syaiful Aliim
Universitas Jenderal Soedirman
