A promotional banner for 'Free the Science Week 2023'. The background is dark blue with a futuristic, glowing circular interface. A hand is shown interacting with the interface, specifically pointing at a central padlock icon that is surrounded by concentric circles and lines. The text 'Free the Science Week 2023' is in a light blue, sans-serif font. Below it, 'Accelerating discovery through open access!' is written, with 'open access!' in a bold, light blue font. At the bottom left is the ECS logo and the website 'www.ecsdl.org'. At the bottom right is a blue button with the text 'Discover more!'.

Peer review declaration

All papers published in this volume of IOP Conference Series: Earth and Environmental Science have been peer reviewed through processes administered by the Editors. Reviews were conducted by expert referees to the professional and scientific standards expected of a proceedings journal published by IOP Publishing.

- **Type of peer review:** Single-blind
- **Describe criteria used by Reviewers when accepting/declining papers. Was there the opportunity to resubmit articles after revisions?** There were 13 aspects of assessment for accepting/declining papers, i.e. Significance of research, Contribution to the field (novelty), Statement of the problem, Literature review, Appropriateness of the research/study method, Relevance and clarity of drawings, graphs and tables, Experimental/evidential support, Quality of data or findings, Discussion and conclusions, Direction for future research and recommendations, Standard of English Reference list (adequate and correctly cited), Writing style (according to IOP format). There were also opportunities to resubmit papers after revisions.
- **Conference submission management system:**
<https://conference.unsoed.ac.id/index.php/icsard/ICSARD2020/login>
- **Number of submissions received:** 205
- **Number of submissions sent for review:** 160
- **Number of submissions accepted:** 151
- **Acceptance Rate (Number of Submissions Accepted / Number of Submissions Received X 100):** 94%
- **Average number of reviews per paper:** 2
- **Total number of reviewers involved:** 30
- **Any additional info on review process (ie plagiarism check system):** We used TURNITIN to check the plagiarism issue during the review process
