Dear Mrs Minami,

Your submission entitled "New discovery of entomopathogenic fungi to control brown planthopper pests in Indonesia" has been received.

Before we can further process it you are kindly requested to make the following corrections to meet the **journal's** requirements (please also refer to the Submission Guidelines):

1. We have noticed that you have submitted in PDF format. Please note, in advance, should your manuscript be editorially accepted, you will later be required to provide your manuscript source files in an editable file format (e.g. doc, docx, rtf) for production/publication purposes. Rest assured, it is possible to proceed with peer review with PDF submissions, however please feel free to update your manuscript file format from now if preferred.
2. We notice that email address of the corresponding author on the title page does not match the email address provided in the submission system. Please ensure the email address of the corresponding author is provided correctly in the submission system.
3. Abstract structure: Research

The abstract must only include the following separate sections (Should be the same on both manuscript file and submission system):

- Background: the context and purpose of the study
- Results: the main findings
- Conclusions: a brief summary and potential implications

Please revise your abstract structure to conform to the **journal's** submission guidelines.

4. Please rename the heading Material and methods to "Methods".
5. Results and discussion should be two separate sections. Please refer back to **journal** guidelines to adjust it. The manuscript format should be followed.
6. Please remove all Declarations sections from the main manuscript file and place them on your title page. Author details and

Dear Mrs Minami,

Your manuscript "New discovery of entomopathogenic fungi to control brown planthopper pests in Indonesia" (EBPC-D-20-00713) has been assessed by our reviewers. Although it is of interest, we are unable to consider it for publication in its current form. The reviewers have raised a number of points which we believe would improve the manuscript and may allow a revised version to be published in [Egyptian Journal of Biological Pest Control](#).

Their reports, together with any other comments, are below. Please also take a moment to check our website at <https://www.editorialmanager.com/ebpc/> for any additional comments that were saved as attachments.

If you are able to fully address these points, we would encourage you to submit a revised manuscript to [Egyptian Journal of Biological Pest Control](#). Once you have made the necessary corrections, please submit online at: <https://www.editorialmanager.com/ebpc/>

If you have forgotten your username or password please use the "Send Login Details" link to get your login information. For security reasons, your password will be reset.

Please include a point-by-point response within the "Response to Reviewers" box in the submission system and highlight (with tracked changes/coloured/underlines/highlighted text) all changes made when revising the manuscript. Please ensure you describe additional experiments that were carried out and include a detailed rebuttal of any criticisms or requested revisions that you disagreed with. Please also ensure that your revised manuscript conforms to the [journal style](#), which can be found in the Submission Guidelines on the [journal homepage](#).

The due date for submitting the revised version of your article is 31 Jan 2021.

Please note, if your manuscript is accepted you will not be able to make any changes to the authors, or order of authors, of your manuscript once the editor has accepted your manuscript for publication. If you wish to make any changes to authorship before you resubmit your revisions, please reply to this email and ask for a "Request for change in authorship" form which should be completed by all authors (including those to be removed) and returned to this email address. Please ensure that any changes in authorship fulfill the criteria for authorship as outlined in SpringerOpen's editorial policies (<http://www.springeropen.com/get-published/editorial-policy#authorship>).

Once you have completed and returned the form, your request will be considered and you will be advised whether the requested changes will be allowed. By resubmitting your manuscript you confirm that all author details on the revised version are correct, that all authors have agreed to authorship and order of authorship for this manuscript and that all authors have the appropriate permissions and rights to the reported data.

Please be aware that we may investigate, or ask your institute to investigate, any unauthorised attempts to change authorship or discrepancies in authorship between the submitted and revised versions of your manuscript.

We look forward to receiving your revised manuscript soon.

Best wishes,
 Mona B. El Mandarawy

Dear Author,

We are pleased to inform you that your paper is nearing publication. You can help us facilitate quick and accurate publication by using our e.Proofing system. The system will show you an HTML version of the article that you can correct online. In addition, you can view/download a PDF version for your reference.

As you are reviewing the proofs, please keep in mind the following:

- This is the only set of proofs you will see prior to publication.
- Only errors introduced during production process or that directly compromise the scientific integrity of the paper may be corrected.
- Any changes that contradict **journal** style will not be made.
- Any changes to scientific content (including figures) will require editorial review and approval.

Please check the author/editor names very carefully to ensure correct spelling, correct sequence of given and family names and that the given and family names have been correctly designated (NB the family name is highlighted in blue).

Please submit your corrections within 7 working days and make sure you fill out your response to any AUTHOR QUERIES raised during typesetting. Without your response to these queries, we will not be able to continue with the processing of your article

Your article proofs are available at:
